

Ailen Gonzalez

Web Designer | UX/UI Designer

Profile

I'm a Web Designer based in Córdoba, Argentina. Currently working at Loymark S.A, involved in different projects creating mobile apps and websites using Figma, HTML, CSS, Bootstrap, WordPress and Elementor. I like to create simple, accessible and modern products. I believe technology, combined with good user experience can transform the way people communicate, learn and develop their life.

Work experience

September 2022 - Present
